NEW MORNING SCHOOL

# Me and My Shadow

As the temperature drops here in Michigan, your child's imagination will travel to the Arctic!

Your child's mind will be filled with all things Arctic. From learning about the people of the Arctic, to learning about the magnificent white form of precipitation that covers the land, the children will be able to go home and share ideas, songs, history, and books about The Great Arctic. Your little ones will learn what life is like when it's lived in the Arctic!

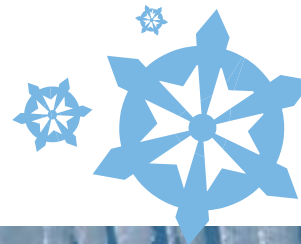

Your child will learn about the people who live in the Arctic, what types of homes they live in, what sorts of activities the people of the Arctic take part in, how do they keep warm and about the foods that we think they might eat. Our trip to the Arctic will also include a hands on activity about snow, ice and crystals. Creative songs, books and poems will round out our chilly, but yet, warm fully cheerful winter!

## Great Arctic

Instructor

Venee Yatooma

Venee Yatooma graduated from Oakland University with a bachelor's in psychology. She works in the early childhood program at New Morning School, having worked with children from preschool through grade eight. She teaches our summer preschool Discovery Days and is planning a dynamic Me and My Shadow program to thrill our youngest set.
